DUMUZAS
Made for life

Strong, stronger, strongest roof sheet.

Proud product of **SAFINTRA**

Introduction

Dumuzas is a revolutionary brand made from high tensile steel that has a protective metal coating of 55% Aluminium, 43.5% Zinc and 1.5% Silicon, resulting in a product with an extremely long life. Dumuzas offers superior durability and a beautiful silver finish.

The Dumuzas range consists of two roofing profiles: Corrugated and IBR.

It is mainly used for roofing and walling in domestic applications. It comes with matching accessories for a complete roofing solution.

Dumuzas IBR

Female rib

Male rib
